Advantages of taking advanced standing in high school

- At large universities it is often difficult to get enrolled in general education classes because they are in such high demand.

- By enrolling in the Advanced Standing courses in high school, students receive personal instruction from high school teachers with a small instructor/student ratio. As a result, chances of success are far greater.

- Advanced Standing students will be considered an official Newman University Jet while attending high school!

- Newman ID cards are issued which allow students into all on-campus events such as NCAA Division II athletics games, theatre productions, fine art galleries and much more!

- Academic assistance is available on-campus through our certified tutoring program at no charge. E-coaching for writing is available as well.

- The Dugan Library and all its resources and study rooms are also available to Advanced Standing students.

- Advanced Standing students enrolling at Newman after high school will receive a one-time credit toward their first semester bill at Newman in the total amount of money that was previously invested in the Advanced Standing program prior to high school graduation.

Advantages of taking advanced standing in high school

• At large universities it is often difficult to get enrolled in general education classes because they are in such high demand.

• By enrolling in the Advanced Standing courses in high school, students receive personal instruction from high school teachers with a small instructor/student ratio. As a result, chances of success are far greater.

• Advanced Standing students will be considered an official Newman University Jet while attending high school!

• Newman ID cards are issued which allow students into all on-campus events such as NCAA Division II athletics games, theatre productions, fine art galleries and much more!

• Academic assistance is available on-campus through our certified tutoring program at no charge. E-coaching for writing is available as well.

• The Dugan Library and all its resources and study rooms are also available to Advanced Standing students.

• Advanced Standing students enrolling at Newman after high school will receive a one-time credit toward their first semester bill at Newman in the total amount of money that was previously invested in the Advanced Standing program prior to high school graduation.
NEWMAN UNIVERSITY, IN CONJUNCTION WITH AREA HIGH SCHOOLS, HAS DEVELOPED THE ADVANCED STANDING PROGRAM. THIS PROGRAM ALLOWS STUDENTS TO EARN COLLEGE CREDIT THROUGH SPECIFIC COURSES OFFERED AT EACH HIGH SCHOOL WHILE FULFILLING HIGH SCHOOL REQUIREMENTS.

General Requirements

Students...
• must be enrolled in the high school class
• must have a cumulative GPA of 3.0 or higher on a 4.0 scale
• need approval from the high school guidance counselor
• need permission from a parent or legal guardian
• must complete online registration and submit payment
• may take a maximum of 30 hours of Advanced Standing credit through their high school

Cost of participation

The cost to participate is $75 per credit hour, a significant discount compared to regular college rates.

Courses offered through this program are general education college courses and are generally between 3-5 credits each. Online enrollment instructions will be given to each school and are available at NEWMANU.EDU/ADVANCEDSTANDING

Payment plans are available on a limited basis. If a plan is requested, the contract will be emailed to the student and must be signed and returned to Newman along with down payment. Students must comply with payment terms of the contract to maintain enrollment in the program. If all contract terms and conditions are not met, the student will be unenrolled.

Jetstream Account

Students can access grades and a variety of other information on their Jetstream accounts.

After enrollment is complete, new students will be sent an email containing their username and temporary password. Returning students will not receive log in instructions again, unless otherwise requested.

KEEP THE JET STREAM LOGIN

The ID number for the student will be used throughout all future enrollments at Newman.

Grades

Newman transcripts reflect the grade earned in the student’s college level course. Once enrolled, final grades may be accessed online through each student's Jetstream account.

If Newman is not the student’s college of choice, transcripts can be ordered online at the end of Senior year and sent to the college the student will be attending.

If the student’s Newman GPA falls below 2.0, future eligibility for this program may be revoked.

Adding Classes

Simply attending the credit-bearing course in high school does not enroll the student at Newman. Students are officially enrolled in the credit-bearing course only after the online enrollment is completed and all fees paid.

Students have two weeks to add a class after the Newman presentation unless otherwise stated. After the agreed upon time, late registration may be granted through an exceptions process, although this is not a guarantee.

Drops and Withdrawals

DROP/WITHDRAWAL PROCEDURE

A course may be dropped within the first two weeks from the start of the course. A full refund will be given and nothing will appear on the transcript.

After the first two weeks, a drop becomes a withdrawal and any refund is prorated. For procedures on how to withdraw, please go to the advanced standing website at NEWMANU.EDU/ADVANCEDSTANDING

Withdrawals must be done by dates listed below. Exceptions apply to 9-week courses.

Transfer Credits

Typically, classes from accredited colleges will transfer to other accredited colleges. To see how courses will transfer, check the college’s website or call them directly. Course numbers are needed in order to check how they will transfer. These numbers are located on the handout received at the enrollment presentation.

Ordering Transcripts:

Students should first check their Jetstream account to ensure that final grades have been turned in by high school teachers. Once grades are in, then go to newmanu.edu/advancedstanding and scroll to the FAQ’s. Click on ‘How do I have my transcripts sent’ tab.

FERPA laws prohibit Newman from releasing student academic records or transcripts to parents without written permission from the student.

2019-2020 LAST DATES TO WITHDRAW

SEMESTER LONG COURSES:
FALL SEMESTER: NOV 15, 2019
SPRING SEMESTER: APRIL 10, 2020
YEARLONG COURSES: JANUARY 17, 2020
